## Fundraiser Success

### By Julene Mathews

I would like to thank people for their phenomenal participation in a small fundraiser inspired by the recent tragic events surrounding the Hurricane in Louisiana.

We have been made aware of the terrible circumstance of everyone who lived in the path of that Hurricane and as difficult as it has been to be an observer of the relief efforts aimed toward that region of the United States, we have also become keenly aware of the plight of the pets who were forcibly abandoned in an effort to evacuate people.

We have been made aware of efforts of many rescues who have been struggling to provide shelter and safety to so many animals and pets left to fend for themselves. More close to home, our own Best Friends Animal Sanctuary here in Utah was one of the first allowed back into that devastated area to help retrieve abandoned pets. They have gone to heroic ends to help as many pets as possible. We have felt so helpless to assist other than contribution to both Red Cross to help people and now we know that there are several reputable organizations we can contribute to in order to help those pets left. In that effort, I felt there was little money I personally could contribute but I could organize something that could possibly help raise funds to send to the Hurricane Relief Fund of BFAS.

Consequently we (Sheltie Rescue of Utah) in coordination with Alta Groomery and with the assistance of many wonderful members of the Utah Shetland Sheepdog Association held a Marathon Tub Scrub and Brush day at the Groomery on Saturday Sept 10th. We are proud to have collected \$502.00 toward the Hurricane Relief Fund. No money was retained for expenses and all money collected was sent to the fund. Special thanks go to Dr. Whitely of Alta Veterinary Clinic who was willing to donate a business day for this effort at the Groomery. Thanks are also extended to Barbara Edelberg who was there first thing in the am despite the hardships it might have presented, and Barbara Soderberg, Shirley McLaughlan, Cindy Wilkinson and her special Dad who came also to help! What a sweetheart he is and such a trooper! My sisters boy's provided the roadside distractions we'll call it. We also would like to thank Domino's Pizza who donated pizza for everyone who volunteered that day! Without everyone's help, it would not have been the success it was! I felt the day was a great success and I surely felt gratified to have my friends company all to myself for the day!! Thanks also to all of those who contributed in so many way's!

Thanks to those that helped!!!!

## Cute as a button

Next on Dr. Mike's list today is Tia. The three-year-old Chihuahua has just arrived from a shelter where she was going to be put down because of "weakness in her back legs."

X-rays reveal that she has three fractures. Meanwhile, Elissa notes that Tia is housebroken, affectionate, cute, and great with other animals. One day, she'll make a marvelous pet.

But right now she needs orthopedic surgery – and some Guardian Angels to give her that new lease on life.

## Roo's Rumble in the Park

Roo needed help fast! Someone found this little kitten as a stray in a park. He'd lost his front legs – probably something to do with a lawn mower – and he needed to get to the E.R. fast.

It was Twitch to the rescue (*photo right*) when Dr. Kate Creighton said Roo needed an immediate blood transfusion. "I'm his blood type," said the big-hearted kitty.

Vet tech Mike Delgado-Hand (*in the photo with Twitch*) stroked Twitch as we took an ounce of life-saving blood.

Roo was a great patient, even though he didn't think much of getting stuck with a needle after what he'd already been through.

"Don't worry," said Dr. Kate reassuringly. "You'll feel

much better tomorrow."

She was right! Just look at Roo the next day. He was sitting up, all perky and pleased with himself.

And within just a few days, he was hopping around on his back feet with amazing spirit, learning to walk around again.

There's talk of fitting him with prosthetic feet. So you may see him racing around and up and down cat trees very soon.

Our special wish for you is that all good things will be yours in return for the kindness that you've brought to your furry and feathered friends – here at the sanctuary and all across the country. Bless you for caring!

**No act of kindness is ever wasted. And no thought of love is ever in vain.**

# HURRICANE KATRINA ANIMAL RELIEF CHALLENGE

Hi all USSA Club members,

At the USSA Board meeting held on Sept. 6<sup>th</sup> we discussed how we as a club could best support the animal relief efforts in support of Hurricane Katrina animal survivors. The efforts below are as a result of that meeting & we need your help.

The Best Friends Animal Sanctuary has had a team of volunteers at New Orleans helping with this effort since two days after the Hurricane hit. We feel this would be a great place to send our monetary & other support to, since they were one of the first there & because they are a Utah animal sanctuary. At least 100 animals will be coming to the Sanctuary & some are there already.

**1. We are challenging all USSA Club members to send a check or money order directly to them at:**

**Best Friends Animal Sanctuary  
5001 Angel Canyon Road  
Kanab, UT 84741-5000**

Please indicate in the memo area of your check or on a note included: "For Hurricane Katrina animal relief Efforts", & that you are a Utah Shetland Sheepdog Association member.

Please send me an email indicating how much \$\$ you have donated to this effort & I will keep a tally of contributions from the Club. The USSA will match Club members contributions up to a \$200 limit. This amount will be approved at our Club meeting on October 11 & a check for \$200 sent immediately to Best Friends Animal Sanctuary **provided our members meet the challenge & send in a total of \$200 or more.**

Best Friends Animal Sanctuary & the animals in need thank you in advance for all for your kind & selfless support!

**2. Cheryl Sorensen** graciously volunteered to be the chairperson for the collection of all **ITEMS CONTRIBUTED FOR THIS EFFORT**. Please bring any & all items you can spare to the Club meeting on October 11 & she will see that all items are delivered or sent to Best Friends in Kanab. Any item(s) related to animal care will be greatly appreciated, or go to [www.bestfriends.org](http://www.bestfriends.org) & under Hurricane Katrina you will find a large list of items they need.

## Available:

I have a bi-black five month old male puppy available to a companion home. He is small with an expected adult height of around 14 inches. Shows promise to make an excellent agility prospect. He is very sweet and playful and using the doggie door. He is crate and leash trained, up to date on shots and ready to join his new family! Very good with children.

He is sired by Mainland Just Do It ( CH Dury Voe Wintergreen son) ex. Carmylie Rainier Prelude To Time.

Sire is OFA good, eyes normal and vWD clear. Dam is OFA excellent, eyes normal and vWD clear. He is available on a neuter agreement for \$500 with a three-year genetic guarantee.

This tri boy is now five months old, and he is available to a show home for \$1200 with two retained stud rights or \$800 on a co-ownership with return to Rainier Shelties to stand at stud for at least four months. His pedigree is line-bred on several nice Dundee dogs. His sire is a CH Dury Voe Wintergreen son, and his dam is a AUST/ CAN CH Grandgables Zulu Warrior daughter.

He has almost all his adult teeth (just two left to come in). He has a correct bite. He has a nice balanced body with lovely topline. Nice angulations. Nice length and arch of neck. He has a nice long tail. Very pretty head piece with lovely expression. I am growing out two other boys from this litter, so he is available a serious home that will show him to his AKC championship.

He is safe on size, and he has a very outgoing temperament. He would also do very well in agility, so a conformation home that does performance also would be great.

I will consider trading for showing, money for the lease, or a puppy back. She is due to come into season sometime in October or November.

She is sired by AM/CAN/BDA CH Carmylie Tidal Wave ex. Carmylie Chasing Rainbows. She is inbred on AM/CAN CH CARMYLIE THE MERRY CHASE UD CAN CDX ROMC and CH LORIEN'S GALADRIAL.

### Club Meetings In October

1. A regular Club meeting will be held on October 10, 2005 at 7 pm at the Davis County South Branch Library at 725 South Main in Bountiful. Agenda will include nominations from the floor for the 2006 board of directors.
2. The Annual Regular club meeting will be held during the fourth week in October. You will be advised of the day & location. Annual reports will be given, elections will be held and membership applications will be voted on.

NOTE: The Bylaws Art III Sec 1 states that the meetings of the Club shall be held at least nine (9) times a year in the greater Salt Lake metropolitan area at such hour & place as may be designated by the Board of Directors.

The Library in Bountiful is approximately three miles north of the SLC Chamber of Commerce's definition of metro area – North Salt Lake to the Point of the Mountain. The Board feels that in spite of the three mile difference, the Library is a good location about mid-point between the north and the south; it has a nice conference room with adequate room for the club; there is no requirement to have a meal at a restaurant; there is no cost; and it does not infringe on any place of business.

The Board has voted on and it was agreed (one against) that this location will be suitable for the Club meeting.

Hope to see you there.

# THE BABIES ARE HERE...

Barbara's grandchildren decided they couldn't wait any longer! The twins were born September 27th at 2:10 and 2:14 p.m. Ryan and Rachel the proud parents named their little girl Holland Ella Ray and their little boy Ethan Pieter Ray. Holland wanted to be born very early in the pregnancy making Rachel have contractions and dilating at only 22 weeks into the pregnancy. After three months of bed rest and frequent hospital stays Holland's water broke and there was no stopping her. Holland weighed 5 lbs 2 oz and Ethan weighed 4 lbs 4 oz. Holland is doing great but she forced her little brother Ethan to be born a little earlier than what he was ready for. Both babies are doing great and mom, dad, and grandma Barbara couldn't be more proud.
