

SHELTIE CONNECTION

JULY 2010

President's Message by Julene Mathews

HAPPY 4TH OF JULY!

While we celebrate Independence Day this year, let's think about our freedoms to participate in the sport of our choice and our freedom to breed our dogs. There are some very well financed animal rights organizations who use their money to work toward removing those rights.

It is each of your responsibility to be educated, and informed as to the proposed ordinances and laws proposed and current. If we don't keep up with the political winds, then it will blow to less rights and more cost to participating in our sport of dogs!

The club is also a good venue for making others aware of what's up in your area, so others can offer support and strength when it comes time for a fight in your city, county or state! We need each other and their safety in numbers. Only safe if we are aware and willing to fight.

Each of you are important to the overall strength of the club. Participation in club affairs is how we progress. Please come to club meetings or offer to do a job that has not been filled. Everyone is stretched thin so as we know, many hands make light work.

We have some exciting things coming up, such as the summer party which will be up Millcreek canyon this year. Barbara Ray will have the details of that. We also have a really exciting seminar forthcoming. Cheryl Sorenson is in charge of that!

Happy July and everyone stay safe and put the dogs up during the fireworks!

Sincerely yours, Julene

THE IRISH MOUNTAIN DOG

BY Jane Guidinger

My dear friends Randy and Melinda Gaines bred their two Bernese Mountain Dogs, Popeye and Valentine in October last year. We had always kidded about breeding the Irish Setters and the Bernese to get a new designer breed, "The Irish Mountain Dog." There were 3 confirmed puppies in the first ultrasound. On December 28th, Valentine had an emergency c-section. One dead puppy, one really tiny girl and another big girl. Valentine died suddenly that night. My crazy, wild Irish Setter Kilo was in a false pregnancy, so we put the puppies on her and they started eagerly nursing. The little girl died a one week, but the other girl continued to thrive. Kilo spent her afternoons and evenings at the Gaines and her and the baby came to me every morning. Randy said Kilo was an angel at their house. Hard to believe, as every time she was home, is was the same, wild, crazy girl, except when she was nursing "her" baby. She was so relaxed and content then, I couldn't believe it was the same dog. When the baby was 4 weeks old her call name changed from piggie to Keela, Irish for rare beauty. Her AKC name is Valley Girl's Irish Miracle. This truly was a miracle and dogs are such wonderful creatures. Keela was weaned at 6 weeks and continues to visit in the mornings to play with Captain and Tennille and say hi to her Irish mom
